TYPOGRAPHY

Primary: Montserrat

Secondary: Open Sans

Montserrat is used as the primary font for its modern and geometric style, which complements the logo's

LOGO USAGE

- The logo should be used on a white background to ensure visibility and contrast.
- The logo should not be stretched or distorted in any way.
- The logo should be surrounded by a minimum amount of empty space to avoid visual clutter.
- The logo should be used in its entirety, without modifying or removing any of its elements.

BRAND VOICE

Innovative

Friendly

Sophisticated

"Empowering a brighter tomorrow, one innovation at a time."

DO'S & DON'TS

DO

- Use the logo consistently across all marketing materials and digital platforms.
- Use high-quality images and graphics that reflect the brand's modern and sophisticated personality.
- Encourage customer engagement and feedback through social media and other channels.

DON'T

- Don't use the logo in a way that is distorted or altered from its original design.
- Don't use low-quality or pixelated images that detract from the brand's professional image.
- Don't use a tone that is overly formal or corporate, as it may come across as insincere or unapproachable.
